The First Ukraine-Korea Seminar on Nanophotonics and Nanophysics

NANOPHOTONICS – NANOPHYSICS - 2005

21 - 23 June 2005

KIEV

First circular

January 2005

According to the agreement between the Ukrainian and Korean sides, the seminars on nanophotonics and nanophysics is planned to carry out regularly in Ukraine and Korea. The aim of these seminars is to discuss recent achievements in research and applications of nanophotonics and nanophysics. The seminars should provide the opportunity for the scientists from Ukraine and Korea to meet with their colleagues and to develop fruitful mutual scientific cooperation.

SEMINAR SCOPE

The seminar will include the oral presentation on following topics:

- Electronic and atomic structure of nanostructures
- Nanophotonics
- Spin-photonics
- Research tools and diagnostics of nanosystems.
- Modelling of the structure and properties of nanosystems.
- Structure and properties of bionanofunctional materials
- Functional materials

SEMINAR SCHEDULE

Working days – 21st and 22nd of June 2005,

Tour and sightseeing – 23rd of June 2005

LANGUAGE

The working language of the Seminar is English (for abstracts, letters, talks and articles).
